VOL. XXIV, NO. 207 GAINESVILLE, FLORIDA, TUESDAY, OCTOBER 8, 1907 TEN CENTS A WEEK

TRAGEDY IN THEATER

People In Chicago Playhouse Almost In Panic.

MOST UNUSUAL OCCURRENCE

When Band Played "Don't You Remember Sweet Alice, Ben Bolt," the Strains of the Old Song Calmed the Vast Audience.

Chicago, Oct. 7.—A gray-haired maker of banjos died in the Olympic theater Friday night while the music of "Don't You Remember Sweet Alice Ben Bolt?" strummed upon the stage on instruments of his own manufacture, calmed the large audience which been turned out by his own hands.

J. B. Schall, 55 years old, occupied a front seat in the lower balcony. He had visited the theater especially to hear the playing of two musical specialists which used banjos which had bee nturned out byyhis own nands.

Suddenly Schall arose to his feet with a choking cry, swayed for a moment as if he would topple over the balcony rail into the crowded parquet and then crumpled down on the floor.

Instantly intense excitement prevailed. Schall's collapse was witnessed by three-fourths of the people in the house.

Several women near him screamed. Ushers and attendants hurried to him and carried him to the foyers, where they laid him on the carpeted floor and attempted to restore consciousness.

The two players upon the stage had reached a pause in their musical specialty. Looking across the footlights they saw the man collapse and realized the danger of a panic in the packed house. At once they plunged into a wild melody of music to quiet the alarm of the audience. Their efforts were successful. While the musicians played merry airs the audience listened in attentive silence, unaware a man way dying behind the last tier of balcony seats.

Once Schall came to his senses, he opened his eyes and said:

"I think I can go home now."

Just then the banjos on the stage struck up "Don't you Remember Sweet Alice, Ben Bolt?" As the last bars of the famous old tune ceased, and the audience burst into a tumult of applause, the old musician died.

Schall had lived alone over his banjo shop. He left two grown sons in New York.

Cuba Suffering from Railroad Strike.

Washington, Oct. 7.—The bureau of insular affairs has received a cablegram from Governor Magoon, at Havana, reporting the following lines as involved in the railroad strike: Train and shopmen on United Railways extending from Havana to Jocamiles, Santa Clara province; and shopmne on the Western railway, extending from Havana to San Juan, Pinar Del Rio province; shopmen only on Havana Central. There is no strike on the Van Horn system, or the Cuba Eastern or the Cuban Central railroads.

To Entertain Fairbanks.

Birmingham, Ala., Oct. 7.—Vice President Fairbanks has written to General Chairman Rountree, of the committee making arrangements for the meeting of the International League of Press clubs, saying that he will endeavor to be in Birmingham on Oct. 24, during the press club meeting. Mr. Fairbanks speaks in Dallas on Oct. 22, and then has some Kentucky dates. It is planned to have him here on the 24th and speak at the banquet, which will be a leading feature of the club meeting.

Government Demands Princess.

Dresden, Oct. 7.—The Saxon government has instituted proceedings before the Italian courts demanding that Signora Toselli, the ex-crown princess of Saxony, and her husband, Signor Toselli, be ordered to deliver up the little princess, Annie Monica Pia, youngest daughter of the former crown princess to representatives of the king of Saxony.

A NEW INVENTION.

Barcaly Machine Will Revolutionize the Telegraph Business.

Atlanta, Oct. 7.—The Western Union Telegraph company has installed in its operating room two machines, by means of which a man may sit down in Atlanta, finger a typewriter for a few minutes and have his message reproduced on the paper placed in the typewriter in the New York office.

The machine is known as the Barclay Typewriting telegraph system, and the inventor in John Barclay, assistant general manager of the Western Union Telegraph company.

There are a couple of typewriters used—one in sending and one in receiving. In the sender a long narrow tape is placed instead of a typewriter ribbon, and on this tape the operator writes his message. When he has finished his work he takes up his tape and runs it through a transmitter.

When that tape starts on its way through the transmitter the typewriter begins to work in New York or whatever other place the message is going to, and the copy on the tape is

On the same machine one message can be sent and another received. be sent and another received.

It is said the machine will be able to do the work of possibly ten men.

NO RECEIVER, SAYS FINLEY.

President of Southern Denies Road Is Embarrassed Financially.

New York, Oct. 7.—President W. W. Finley, of the Southern railway company, said Friday that a rumor circulated in the financial district of receivers for that company, for financial, political, or any other reasons, is preposterous.

President Findley added:

"Anybody familiar with the Southern railway's financial condition must know that there is no reason of a financial nature for any such move. As for the suggestion that the property might be put in the hands of receivers by the federal courts as a means of thwarting political attacks, that has been heard before. It has never been seriously thought of by the management, which has elected in fact, to pursue a policy of conciliation."

Fire at Sandersville, Ga.

Sandersville, Ga., Oct. 7.—Friday morning at 9 o'clock fire was discovered in the Hotel Julida. The alarm was given and the volunteer fire department responded. The fire was in the third story and mude such headway as to fill the entire story with smoke so dense that L. M. Mitchell, chief of the department, was overcome in his effort to reach the vital point. At one time it looked as if it would be impossible to save the building, but the fire was finally extinguished. The entire loss will amount to $20,000 to $25,000.

Narrow Escape of Passengers.

Ashtabula, Ohio, Oct. 7.—Fifteen passengers, including several women and a motorman and conductor, had a narrow escape from plunging to death from the Ashtabula and Pennsylvania electric railroad viaduct to the Ashtabula river, 100 feet below. The passengers were in a panic and several were injured by flying glass. The car was saved by a trolley pole from making the plunge. The body of the coach left the tracks and one end hung suspended over the river.

New Cotton Mill Incorporated.

Montgomery, Ala., Oct 7—The Sylacauga Cotton mills with capital of $85,000, have been incorporated by the probate judge of Talladega county, and reported to the secretary of state. It is given out the business of the plant will be to manufacture and sell cotton yarns, cloths, goods and fabrics and to carry on a mercantile business. J. W. Brown and many others make up the incorporators.

Socialists Were Expelled.

Paris, Oct. 7—Four Spanish socialists who came to this city for the purpose of addressing the proposed socialist mass meeting of protest against the French and Sapnish operations in Morocco, were served with expulsion orders immediately on their arrival and left on the next train.

63 GIRLS ARE KILLED

Terrible Explosion In a Factory In Osaka, Japan.

SIXTY OTHERS WERE INJURED

Girls Were at Work Sorting Condemned Cartridges and Shells When the Explosion Occurred With Frightful Results.

Tokio, Oct. 7.—A terribe explosion occurred this morning at the Takatsuke factory, Osaka,, while a number of girls were at work sorting the shells and cartridges which had been condemned.

Sixty-three girls were killed and over sixty were injured.

As this dispatch was sent the factory was on fire and a number of boats containing explosives were also on fire.

TOO HARD FOR THEM.

Police Commissioner Bingham's Rigorous Police Discipline.

New York, Oct. 7.—Three New York policemen are on sick leave because of Police Commissioner Bingham's rigorous discipline. His order that patrolmen be sentenced to extra hours of duty for failure to walk their beats shall go through a special course at the school of instruction, instead of undergoing extra work, had a rather startling effect.

The luckless three collapsed, one after another, there on the floor of the old Sixtieth regiment armory while they and four other delinquents were being put through a series of exercises, which are described as leaving the army setting up drill completely in the shade. Not much information can be gleaned as to what the exercises were, but it is said they included the lock step and a protracted double quick.

TOWER WANTS TO RETIRE.

Ambassador Has Decided To Leave the Diplomatic Service.

Berlin, Oct. 7.—Ambassador Tower has written to President Roosevelt asking that he be permitted to retire from the diplomatic service next spring.

Mr. Tower's reasons are understood to be that having been abroad for nearly 11 years, he desires again to live in his own country in order to have a home there for his sons who are now nearly ready to go to Harvard and to give his personal attention to his extensive financial, mining and railroad interests that have been left to the supervision of others.

Appointed Receiver.

Philadelphia, Pa., Oct. 7.—Charles H. Thompson has been appointed receiver of the Rumbarger Lumber company, a Virginia corporation, with offices in this city, upon the petition of creditors and stockholders that the concern is temporarily insolvent. The total liabilities of the concern are said to amount to $280,000 for unpaid accounts and borrowed money. The company has assets aggregating $375,000. The insolvency is said to be due to the exchange of the concern's own notes for worthless paper.

May Order United States Coal.

Ottawa, Ont., Oct. 7.—The deputy minister of labor has told the management of the Spring Hill, N. S., mines where there is a strike, that unless they can supply coal for the International railway the Dominion government will be compelled this week to place, for its own protection, an order for 60,000 tons with United States firms, as this is needed for the inter-colonial government owned railway.

Dr. McCampbell Was Elected.

Charlotte, N. C., Oct. 7—At a meeting of the board of directors at Morganton, N. C., Dr John McCampbell was elected superintendent of the state hospital for the insane, to succeed Dr P. L. Murphy, the noted alienist who died ten days ago. Dr. McCampbell was first assistant physician of the institution.

HE KEPT HIS PLEDGE.

Promise to Chicago Judge Cost John Gertz His Life.

Chicago, Oct. 7.—John Gertz, habitual drunkard, but under parole to Judge Cleland on a promise never to touch liquor again, failed to answer the roll call in Judge Cleland's court Friday night. Instead, Parole Officer Joseph Smijkal, handed to the Judge a typewritten report of Gertz's battle to keep his pledge—a promise that cost him his life to keep.

Gertz's record in the court showed three arrests from drunkenness when on April 30 he gave the judge his word, for the last time, never to touch another drop. He went home to keep it. In August he became ill, conscious of but two things—that he wanted whiskey and that he had promised not to touch it.

Finally his agony became so intense that his wife brought in some whisky. He raised himself in bed, but just as he put the glass to his lips he remembered his promise and dashed the glass across the room. Then he lapsed into a semi-delirium and Mrs. Gertz offered more whisky, but again he threw the glass across the room.

The last act of his life, according to the report, was to cast a glass of liquor from him just as he was seized by the final stroke of heart disease.

FRESH BEAR TRACKS SEEN.

Big Game Awaits President's Gun In Louisiana Swamps.

Lake Providence, La, Oct. 7.—Game in abundance, with fresh bear tracks all about the camp, is the prospect awaiting President Roosevelt when he plunges into the Louisiana canebrakes for his long rest and hunting trip.

Two local hunters who were charged with the duty of supplying fresh meat to be in readiness for the president's arrival at the camp, shot two big bucks not far from where the president's tent is pitched.

Rains have fallen within the past few days, very much improving the hunting, especially for bear. The guides who will conduct the president have reported that fresh bear tracks have appeared near the camp since it stopped raining.

From Soldering Cans to High Art.

New York, Oct. 7.—Antonio Barone, an Italian 19 years old, now a student at the Art Students' league, is turning out work in portraiture which is gaining him the commendation of such masters as Kenyon Cox and Wm. H. Chase. Only a year ago Barone was soldering tin cans in a factory at Leroy, N. Y., and his chances of being a painter were remote. Miss Ida C. Leroy heard that an Italian hand in the factory was making such good pictures of his fellow workmen that they were the talk of the place. She sent for him and soon entered him at the art students' league school.

Negro Killed Resisting Arrest.

Hartwell, Ga., Oct. 7—Ray Janes, a desperate negro, was shot and killed by Bailiff George Shiflet, one of the best officers of the county, who had been sent by Sheriff Kidd to arrest Jones, against whom two indictments had been returned by the grand jury. Jones resisted arrest and was trying to shoot the officer when he was killed by the bailiff.

Acquitted of Mabus Murder.

Columbia, S. C., Oct. 7.—The Fallow brothers and Isaac Taylor, chaged with having murdered Geo. W. Mabus, near Batesburg, in June last, were acquitted at Aiken Friday. Mabus was assassinated, and owing to a former difficulty with the Fallows, they were charged with the crime.

Japanese Professor in Montgomery.

Montgomery, Ala., Oct. 7—J. Ogawa, professor of engineering in the university of Kioto has been in Montgomery for a couple of days, conferring with the United States engineers with regard to harbor and hydraulic work. He has been in the United States since July.

Antique Cope Stolen from Church.

London, Oct. 5—A Paris dispatch reports that an antique historic cope has been stolen from the church at Blanzac Haute Viane. It is valued at nearly $25,000. It is believed that the thief has taken it to London.

SON KILLS HIS FATHER

Alleged That the Latter Was Beating His Mother.

TRAGEYD NEAR DUBLIN, GA.

Boy of Twelve Years Intervened to Save His Mother, It Is Said—It Is Also Claimed Sympathy of the Communiyt Is With Mother and Son.

Dublin, Ga., Oct. 7.—The twelve year-old son of Weaver Barnett shot and killed his father at his home near Caldwell, this county, Friday afternoon.

His father is said to have been beating his wife and young Barnett attempted to defend her. In addition to shooting his father, the boy inflicted several serious knife wounds.

There are several rumors to the effect that young Barnett and his mother pursued Weaver Barnett after the latter was cut and shot, after he had pleaded with them to spare his life.

Sentiment, however, is with the boy and his mother. No arrests have been made.

BIG REAL ESTATE DEAL.

Largest Single Transaction in the History of Chicago.

Chicago, Oct. 7.—The largest real estate deal of the year and one of the biggest single transaction in the history of Chicago was closed Friday in the sale by Oliver & Co., for Bryant H. Barber to Levy Mayer, of the Stratford hotel property at the southwest corner of Michigan and Jackson boulevards.

The consideration is understood to be $1,500,000. The property is considered one of the finest corners in the city.

A new eighteen story hotel and theater will be built on the ground if the 133-foot property immediately south of the hotel can be purchased. The deal is said to have been made in the interests of Klaw & Erlanger who desire a new theater in which to produce vaudeville.

BRINGS SUIT AGAINST HOTEL.

New York Equal Suffrage League Puts Itself on Record.

New York, Oct. 7.—The New York Equal Suffrage League, at its regular meeting here Friday night, put itself on record as opposing the rules in hotels and restaurants to refuse to receive women guests after 6 o'clock.

The case of Mrs. Stanton Blatch, a daughter of the late Mrs. Elizabeth Cady Stanton, was the occasion for the action.

The resolution adopted and endorsed the action of Mrs. Blatch in bringing suit against the Hoffman House in consequence of her being denied admission to the restaurant of the hotel because she was not accompanied by a gentleman, it being after 6 o'clock p. m. The case of Mrs. Blatch against the Hoffman House will be tried on Wednesday next.

Two Women Die In Cells.

Boston, Mass., Oct. 7.—Two women died in cells here while under arrest for intoxication. One, Margaret Fanning, was brought to the House of Detention from the East Dedham station. She was found dead in her cell before daybreak by the assistant matron, Mrs. Smith. The other, Mrs. Margaret Dinsmore, was found dead in a cell in the Dudley street station. Dr. Murphy, who was called, said that death was probably due to alcoholism. Neither woman was known to be in a serious condition.

Bailiff Killed by Negro.

Duluth, Ga., Oct. 7.—While attempting to arrest Matthew Howell, a negro, J. B. Raney, a bailiff of this city, was shot in the heart and died instantly. The negro escaped. Raney had a warrant for a misdemeanor, and was about to take Howell into custody, when the negro drew his double-barreled shotgun on the officer, emptying the contents of both barrels into his heart. Raney fell to the ground and died instantly. The shooting took place about sundown.

PROF. W. S. CAWTHON TO HAVE COMMAND

...l be Principal of the Gainesville Graded and High School.

SCHOOL WILL OPEN MONDAY

Prof. Cawthon, Who Has Been With University of Florida Since It Was Created by Buckman Law, Accepts Principalship—The Faculty.

Patrons of the Gainesville Graded and High School should extend their unanimous thanks to County Superintendent of Schools Dr. J. L. Kelley for his successful effort in securing as principal of this school one of the most thoroughly competent educators in the State, in the person of Prof. W. S. Cawthon.

The history of the delay in the opening of this school, caused by the sudden resignation of Prof. McBeath, has been told before, hence needs not repeating. Suffice it to say, this action of Prof. McBeath caused Dr. Kelley to get busy, as good teachers, or the majority of them, had been assigned, and it was a perplexing question with the board of trustees and the county superintendent—this question of a successor for Prof. McBeath.

But it seems that fortune favored Dr. Kelley's efforts, for Prof. Cawthon has closed a contract to open the school on Monday morning, October 14, only two weeks later than the time scheduled for the beginning of the term.

Prof. Cawthon, as has been stated, is a teacher capable, and by no means a stranger to Floridians. He holds a State certificate. He was graduated at the State Normal in 1890, degree of L.I. Summer School, Cornell University, 1896. Southern University in 1893, student in Peabody Normal College in 1899, University of Chicago, summer quarters, 1900-1905. A.B. University of Chicago, 1905, and graduate student in University of Florida, 1905-7.

Prof. Cawthon has been principal of Madison graded school; Quincy graded school, one year; Chipley, two years; Milton, one year. He has been connected with the University of Florida since that institution was created by the Buckman law, and at the time of his acceptance of this offer was librarian at the University.

Prof. Cawthon is a native of Alabama, but has been a resident in Florida since 1888. Notwithstanding his superior ability in his chosen profession, he is a very young man, being only thirty-six years of age.

Prof. Cawthon's assistants are all competent teachers, and are as follows:

Misses Gussie Miller, Ellen Wallace, Serena Shannon, Anna DaCosta, Mrs. W. P. Coffey, Misses Edith Brandt, Bessie L. Carver, Cylla Kennedy, Julia Kennedy, Florence Balis and Mabel Sanchez.

Superintendent Kelley declares that he does not believe there is a more competent corps of teachers as an aggregation in all Florida, and he predicts a successful year for the school.

UNIVERSITY NOTES.

Interesting Batch of Happenings at That Institution of Learning.

The faculty of the University will give a reception tonight from 8 to 10 o'clock in the chapel and mess-hall, to which all the students, especially the new ones, and the members of the Experiment Station staff have been invited. The guests will be received by President Sledd and the wives of such professors as are married. Several of the best-known musicians of the city have consented to help entertain the young men and other guests. The occasion will undoubtedly prove very delightful. All arrangements have been made by the "Public Functions Committee."

The citizens of Gainesville have shown great interest in the University ever since its removal to this city. Especially have the churches given a warm welcome to the students and faculty. In order to make the new students feel more at home by a personal acquaintance with its members, the Barraca Class of the Methodist church gave a reception at the White House in honor of the faculty and students on October 1, and the young people of the Baptist church have issued invitations to the University to a reception to be held next Friday night at the home of Rev. S. B. Rogers. The first occasion was extremely pleasant. The second will no doubt prove equally so.

The Athenaeum Club, a society composed of the faculty of the University and of the members of the Experiment Station staff, held its first meeting for the school year last Friday night at the home of President Sledd. Only one member was absent. The paper of the evening, entitled "The History of Plant Pathology," was read by Professor Fawcett of the Experiment Station, and was discussed by many of the members. After this discussion refreshments were served. The next meeting will be held at the home of Dr. Farr, who will read the paper of the evening. The club meets every other Friday night. The present officers, who also comprise the executive committee, are Dr. Sledd, president; Dr. Flint, vice-president, and Dr. Crow, secretary and treasurer.

Coach Forsythe has a large squad of men out on the football field every afternoon, and is getting the first and second teams into good shape. Besides the old material, several promising candidates have appeared among the new men. Much enthusiasm has been engendered and it is believed that a fast, though light, team will be put on the field.

The Tuesday morning "talk" before the students assembled in chapel will be given today by Dr. Sledd. Last year almost all of these addresses were given by the president. This year it is planned to have some of them given by the members of the faculty and others by persons not connected with the University. These "talks" are limited to twenty minutes, and in order to make room for them in the daily schedule of exercises, chapel exercises are begun earlier than on other days.

THE BOARD OF CONTROL.

Held Meeting Saturday, but Only Three Members Were Present.

The regular meeting of the Board of Control was held at the Brown House in this city Saturday, but there were only three members present, with Secretary Kellum.

Those present were Hon. T. B. King of Arcadia, Hon. P. K. Yonge of Pensacola and Hon. J. C. Baisden of Live Oak, with Prof. J. G. Kellum, the secretary of the board. Hon. N. P. Bryan, Jacksonville, chairman, and Hon. E. L. Wartmann of Marion county, were absent.

There was no special business before the board, hence the regular routine was carried through. A great deal of business in that line, however, was acted upon.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and ...

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

HONOR TO PROF. POUND.

Has Been Appointed School Commissioner of Georgia.

The people of Gainesville will learn with pleasure of the appointment of Prof. Jere M. Pound as School Commissioner of the State of Georgia, vice Prof. Merritt, recently resigned.

Prof. Pound is well known throughout Florida, and is regarded as one of the most capable educators in the South. He was superintendent of the East Florida Seminary in this city for two years, holding that responsible position with eminent success. He was in charge of the Seminary when that institution was abolished by the enactment of the Buckman law.

For the past two years, or since leaving Florida, Prof. Pound has been at the head of the Girl's Industrial School at Milledgeville, Ga., where he has also made a great success.

GAINESVILLE FURNITURE COMPANY

Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and ... N. Y.

OUR WASHINGTON NEWS LETTER

Political Speculation as to Outcome of Republican Convention.

THE SHIP SUBSIDY BILL AGAIN

Admiral Coghlan as a Trouble-Maker. Secretary Root Cultivating International Friendliness—Only Second to Taft in This Respect.

Special Correspondence The Daily Sun.

Washington, D. C., October 7—In spite of the fact that the President is out of Washington, political speculation is rife as to the outcome of the next nominating convention. Every politician who drifts into town is full of talk, rumors and speculation as to what the attitude of the President will be toward the candidacy of the several "favorite son" Republicans who are avowedly in the fight for the nomination. This speculation is almost profitless at this time, nevertheless it persists and is more or less interesting. It is a case of Taft against the field, always with the proviso on the part of the speculator that the President will not take a third term himself. Everything possible has been done to get further expressions of opinion from the President as to his attitute toward renomination and his preference for a candidate. It is not likely that there will be any further announcement from the administration on either of these points just now. The President has already expressed himself about the third term, saying that he did not want it and would not take it. As to his preference for the Taft candidacy, he has given it his quiet but positive approval. The same cannot be said for any of the other candidates. He is not apt to make any further statement on either subject at present, because it is by no means a psychological moment. The convention is too far off for anything but talk.

Advocates of the shib subsidy bill are already at work in Washington. There will be a desperate effort made at the coming session to get legislation of some sort through. This is a measure that has by no means popular support throughout the country. All of the seaboard cities realize that it would be to their advantage if it materially helped to build up the mercantile marine, but the inland communities may be regarded as indifferent, with the element against it that shies at the prospect of heavier public expenditures of such an indefinite extent as entrance to the subsidy field would entail. It is quite possible that if there is subsidy legislation it will take a very mild form and will be first urged to secure additional steamship facilities for South America. This is unquestionably needed from a commercial standpoint, though whether even a heavy subsidy would secure it is a matter for serious consideration.

Admiral Coghlan has certainly secured for himself a well earned reputation as a trouble-maker for the Government. He has just come out in a long interview on the subject of war with Japan and the necessity of sending the battleship squadron to the Pacific. It will of course be recalled that it was Admiral Coghlan who got this country into very warm water with Germany over his "Hoch der Kaiser" poem at a banquet a few years ago. There was nothing of malice in his reciting the poem, but it was just jesting near enough to facts to be very uncomfortable, and it came at a moment when the relations of this country and Germany were none too cordial, though the governments of both countries would willingly have had it appear otherwise.

Now, when the situation is just about the same with Japan, the loquacious admiral comes out in print with a long talk about the possibility of war. He says that it would be a good deal cheaper to duplicate the American Navy, and that is what it would mean if the battleship squadron is to remain in the Pacific, than it would be to put up a six months' fight with Japan or any other first-class power. He says that $150,000,000 spent in new ships would make this country impregnable to attack by any power and that it would be a good investment,

MODERN METHODS

How They Have Improved a Standard Remedy.

In the seventeenth Century a wave of excitement swept over England and France when the medical profession discovered such wonderful curative elements in the cod's liver.

In the eighteenth Century cod liver oil was imported and used extensively by physicians in this country, but it was found to be adulterated to a great extent, and the useless heavy oil which enveloped the medicinal elements, a great hindrance to its medicinal value.

In 1855 a famous physician from the Hague went to Norway and after two years of experiment and research produced a light brown oil from the cods' livers which was said to be more valuable than the pale yellow oil, but the taste and odor was so repulsive that it frequently caused such nausea that it made it unpopular.

The most valuable discovery, however, was later made by two eminent French chemists, who after years of research discovered an extractive and concentrating process, by which all of the medicinal, healing and body-building elements of the cod's liver are separated from the useless and nauseating oil. These recovered medicinal elements combined with peptonate-of-iron make Vinol the most scientific and valuable cod liver preparation which the world has ever known.

Vinol is so rich in the elements of life that it imparts vigor to all debilitated and feeble conditions and is unexcelled as a remedy for all pulmonary troubles.

Try Vinol on our guarantee to return your money if it fails to give satisfaction. W. M. Johnson, Druggist, Gainesville, Florida.

tantamount to a life insurance policy for an otherwise indigent family. He says also that it would remove any possibility of war and leave this country free to develop commercially as it chose. All this is quite true. But the inopportunity of the talk lies in the fact that it comes just at the moment when Secretary Taft and the Japanese higher officials are falling on each other's necks and swearing eternal friendship and scouting the possibility of war. Quite naturally if Japan has any lingering notion of war, she is not going to publish the fact in advance, and the way she struck Russia at the outbreak of the Manchurian trouble is an indication that the Oriental and Occidental minds work in different channels and that any nation with the faintest likelihood of Japanese trouble on its hands does not want to leave its gun at home when it goes visiting.

Secretary Root is making a record as a close second to Secretary Taft in cultivating international friendliness. His journey to Mexico is being watched by officials here with the greatest interest. He seems to have the faculty of doing and saying the right thing to appeal to the Latin-American mind, and the reports so far of his reception in Mexico are decidedly encouraging. It was less than twenty years ago that Mexico was not only rated as a decidedly fourth-class power, but was regarded as the last place on earth for the investment of American capital. Under President Diaz, however, the country has developed into a strong and compact nation, with ambition for commercial development and the ability to absorb the best of everything modern. Tens of millions of American capital are invested in Mexico not only in mining but in manufacture, and they are regarded quite as safe as investments in Canada. The Mexican people look to this country as the model in commercial and mechanical development, and it is not only natural but appropriate for us to take keen interest in the development of the big, strong State just South of us. Mexico will be able in the next few years to do more towards solidifying South America and keeping Central America in order than this country could ever do, and it is well that she should have not only our friendship but our cordial support. The visit of Secretary Root to President Diaz is a vital means to that end and seems to be accomplishing its purpose well.

It is announced from Ottawa that the Japanese-Canadian controversy is to be settled by the prompt payment of $6,000 damages to Japan for the Vancouver riot, and that Vancouver will be called on to foot the bill. This will make the end of the Japanese incident from the standpoint of the Ottawa government, but the affair is sure to rankle among the people of Japan and of the Pacific Coast for a long time to come.

CROOM PUSHES COLLECTORS.

Wants License Taxes Collected and Sent to His Office Without Delay.

The fact that Comptroller Croom is pushing the collection of license taxes for the coming year vigorously, is best told in a letter received by County Tax Collector Dickinson.

Comptroller Croom instructs Collector Dickinson to prosecute the collection of licenses with haste, and to make remittance to the office of the comptroller not later than the 15th inst. As a result, Collector Dickinson has "got busy," and is pushing the collections for all there is in it. He reports very successful work, and hopes to get the majority of collections in by the middle of the present month.

Captain Dickinson calls attention to the fact that any man engaged in business who continues said business after the first of each October without having secured a license, is acting in direct violation of the law.

BETTER THAN MEDICINE.

Breathe Hyomei's Tonic Healing and Be Cured of Catarrh.

Nature has a remedy for catarrh, a treatment that is far better than dosing the stomach with medicine.

It is the healing oils and balsams of Hyomei which medicates the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs, and restoring health to the mucous membrane.

In using Hyomei you are treating your catarrhal troubles with the only natural remedy, for it gives a curative air bath to the air passages that has as powerful healing and antiseptic effect as that found in the mountains where the pine forests give off their fragrant and healing balsams.

Breathe the invigorating and healing Hyomei and see how quickly you will get relief from your catarrhal troubles. J. W. McCollum & Co. see so many cures, even of the worst cases of catarrh, with offensive breath, raising of mucous, frequent sneezing, dropping in the throat and spasmodic coughing, that they feel warranted in selling Hyomei under an absolute guarantee to refund the money if it does not do all that is claimed for it. They will take all the risk.

Piano Is Paid For.

The ice cream supper and dance at Mr. and Mrs. Will Tucker's last Friday evening was quite a success. All the young folks of Rochelle and quite a number of out-of-town young people were present. Everybody enjoyed the dancing and report a fine time.

The young people of Rochelle always know how to have a good time.

We have the piano in Martha Perry Institute now paid for, and we wish to thank Prof. J. H. Owens for what he has done for the school; also the young people who have taken such an interest in helping him. We feel that Prof. Owens has done more for the Rochelle school than any other teacher who has taught here, and he is very highly honored for what he has done. PATRON.

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

MONTHLY MISERY

is one of woman's worst afflictions. It always leaves you weaker, and is sure to shorten your life and make your beauty fade. To stop pain take Wine of Cardui and it will help to relieve your misery, regulate your functions, make you well, beautiful and strong. It is a reliable remedy for dragging down pains, backache, headache, nervousness, irritability, sleeplessness, dizziness, fainting spells, and similar troubles. A safe and efficient medicine for all women's pains and sickness.

Mrs. J. L. Broadhead of Clanton, Ala. writes; "I have used Cardui for my disease, which was one peculiar to women, and it has completely cured me."

Comb Out?

Better be on the safe side. Ask your doctor about Ayer's Hair Vigor. Then do as he says. He knows what is best.

Is your comb telling a story, the story of falling hair? Not a pleasant story, is it? It ends badly. The story we tell is pleasant—the story of Ayer's Hair Vigor. Promptly stops falling hair, destroys dandruff, keeps the scalp healthy. Does not color the hair. J. C. Ayer Co., Lowell, Mass.

A BIG INCREASE IN VALUATIONS

Real and Personal Valuations Larger Than Ever Before.

ARE HALF A MILLION LARGER

Over Year 1906, Which Shows That the People of Old Alachua Are Prosperous—Increase Comes in Every Branch of Real and Personal Lines.

The report of County Tax Assessor W. W. Colson for the year 1907 is very encouraging, as it shows a wonderfully increased valuation in real and personal property of all kinds.

The total valuation for 1907 is $5,735,080, being an increase over the previous year of nearly half a million dollars, the aggregate for 1906 being $5,290,000. This increase is the best evidence of the prosperity of the miner, the farmer, the business man, and in fact the whole people of this section, and places Alachua county among the foremost in rank of the counties of the State.

The following report of aggregate valuations is given by Assessor Colson:

Real estate, $2,760,260; personal property, $1,274,640; turpentine and timber property, $22,950; railroad property, $1,654,073; telegraph property (including telephone), $23,157. Total, $5,735,080.

Assessor Colson has performed his duties carefully, fully and accurately for this year, covering every nook and corner of the county, and his services are appreciated by the public.

Marriage at Newberry.

Married, at the home of the bride's parents, Mr. and Mrs. J. T. Swindal, Newberry, on Sunday, Rev. J. N. Thompson of Island Grove officiating, Miss Mollie Swindal and A. A. Burke.

The affair was a quiet one, only the family and a few intimate friends of the contracting parties being present.

The groom is a member of the firm of Neel & Burke, general merchants, and is a successful young business man, well liked. The bride is a popular young lady, admired by all for her amiable disposition.

Friends extend congratulations.

SCALY ERUPTIONS COVERED HIS BODY

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and Is Completely Cured

BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and shortly afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days; but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, ———'s Salve, ——— Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used ———'s ——, but it did no good. A few months after, having used almost everything else, I thought I would try Cuticura Ointment, having previously used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored, after fourteen years of suffering and an expenditure of at least $50 to $60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

SERVICES WELL ATTENDED.

Rally at Baptist Church Sunday Morning and Evening Was Enjoyed.

The grand rally services at the First Baptist church Sunday morning and evening to welcome the pastor, Rev. S. B. Rogers, who has been indisposed for the past few months, were thoroughly enjoyed and highly interesting. The morning service especially was well attended, members and friends of the church filling the edifice. The service was most impressive, and Dr. Rogers, for the first time he has felt able to occupy the pulpit, made a fine talk on "A Revival of Methods."

Owing to the very disagreeable condition of the streets from the severe afternoon rain, the evening service was not as largely attended as was anticipated and hoped for; but nearly a hundred showed their devotion to their church and their pastor by being present, despite the weather conditions. At this service Dr. Rogers addressed his hearers on the subject, "Observing the Discouraged."

Dr. Rogers is gladly welcomed back to his pulpit.

Carter Creamery Sold.

The Carter Creamery, one of the oldest established dairies in this section of the country, owned by Mrs. Syd L. Carter, has been sold to B. B. Barco, formerly of this city but for the past few years residing in Tampa.

The sale embraced the herd of several fine Jersey cattle and all dairy equipment, including a modern separater.

The cattle and equipment were shipped Monday to Tampa, and will be immediately placed in commission there.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

That Oklahoma constitution seems to be worrying some other people a good deal more than it does the residents of Oklahoma.

The President, Secretary Taft and the Postmaster-General are having a close race to see who can stay out of Washington the most these days.

"Congressman Burton is still holding on to his Congressional job," says The Commoner. Sure he is; a job in the hands is worth two in the bush.

General Linevitch says the United States relies too much on its fleet. The General doesn't understand; our fleet is not of the style he has been used to.

Sir Thomas Lipton intimates that if he can find out what sort of a challenge the New York Yacht Club will accept, he will be pleased to send it.

"The oil octopus should have been fined $100,000,000," says a contemporary. Still, if it would only come up with that $29,240,000, all would be forgiven.

The Czar certainly has a hard time of it. He went out yachting one day and his boat got stuck in the mud; he went out again, and Emperor William met him and preached a sermon.

A New Haven man married a woman, decided she was not his "affinity," got a divorce, thought it over, and remarried her. And still people talk about a woman's predilection for changing her mind.

"Eat what you like," advises The Philadelphia Inquirer. And so we would if the butcher, the baker, and the candle-stick maker did not show such an ugly disposition to haggle over the price of things.

The President has now come to the state of declining to talk about the third term, but is evidently "delighted" with the persistency of his admirers. It is suggested he would like to see the Republican National Convention deadlock on several candidates, and then nominate him in sheer despair of agreement on anyone else. Would he take chances on overcoming the strong opposition in his own party to a third term and go back on his plighted word? are the questions worrying most of the Republican leaders.

It has been recommended by the War Department that the several State governments organize a National Guard branch of the Coast Artillery. This arm of the service is short of men and it is suggested that it would be a good thing not only for the Coast Artillery but for the National Guard as well to have a reserve force of men capable of handling the heavy guns. This is a question that might be very well taken up by the State legislatures this winter, and is one that probably will be received with enthusiasm by the National Guard regiments of the various

A ROOSEVELTIAN WAR.

That entertaining Republican newspapers, The New York Sun, declares that sending the fleet of battleships to the Pacific is not for practice purposes, but for war on Japan. As The Sun has unusually good opportunities for probing the inside mysteries of the administration, it is alarming to learn its opinion that: "The navy is going to the Pacific Ocean for war with Japan, and Japan recognizes the fact and is energetically preparing for it. Once the operation of transferring our ships to Pacific waters has been accomplished war is inevitable.

"It is an insane project.

"The American people do not want to go to war with Japan nor with any other country; but the American people are apparently without recourse or voice. There is little or no hope that Congress will dare to oppose the President's plans.

"It is one of the most serious situations that have confronted this country, and the only mitigating consideration that we are able to discern in that activity of the Navy Department—and of the War Department too—is at the present moment indicative of a full sense of the gravity of the impending crisis."

Possibly The Sun may be right in its diagnosis of the Rooseveltian intention, for any Don Quixote project is probably by the present administration, but it can hardly be possible that a majority of Congress could be brought to do so wicked and foolish a thing as to declare war against Japan. The only real reason for such action would be for the purpose of perpetuating the Republican party in power and the breaking of all precedents by the re-election for a third term of Theodore Roosevelt. Those two calamities would be co-existent. As the majority of the American people are not yet daft, we will still hope that The Sun is mistaken.

WHAT IS OWNERSHIP.

Stewardship is not ownership, was the burden of the talk of Bishop Ingram in Trinity church, New York. That church is at the head of Wall Street, and most of the Bishop's auditors were from Wall Street. In law, the Bishop was a little mixed. There is in law a vast difference between stewardship and ownership; but in morals he was right. Private property is the result of the social compact. It is artificial. It is not a matter of religion or morality, but of compact. Yet all solemn and general compacts must be respected. Good faith requires this. But bad faith on the part of the holder, or owner, of private property is, and always has been, a ground of forfeiture. Bad faith is treason to the public. What the good Bishop meant was that ownership, being a matter of compact, amounted virtually to stewardship—to the rightful use of private property for the benefit of the community. Property is like a gun, when used in self-defense only its use is lawful and just. But when used to destroy his neighbor as a means of self-aggrandizement or mere revenge, such use is criminal; and in that case forfeiture is the only remedy. This is the old doctrine of deodands.

Clark Howell of Atlanta walked right into Hoke Smith's official sanctum sanctorium recently and shook hands with his excellency. Doubtless he remains as firmly convinced as ever, however, that he would look much handsomer in the easy chair than the present Governor of Georgia.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Sold by Druggists, 75c.

CONDITIONS ON THE ISTHMUS.

Miss Gertrude Beeks of the Civic Federation has just returned from a month on the Isthmus looking into the conditions there, and her report makes interesting reading. She found that conditions as a whole were fairly good but that they could be improved at many points. There are two classes of people on the Isthmus, the "employees" made up of the American clerks and administrative staff, and the "laborers" who are doing the actual manual work. Miss Beeks says that the condition of the laborers needs the more attention, as they have not the initiative or ambition to help provide for themselves. Most of them are Jamaica negroes or low-class Europeans. They take the accommodations provided for them, which, no matter how bad they may be, are a good deal better than the men have been used to at home, so they are quite satisfactory. That the general condition is not altogether bad is shown by the small death and sick report, but Miss Beeks says that the Government will have to exercise very strict supervision to make the laborers live like human beings. The employees are all right and can look after themselves, but if the healthy condition of the laborers is to be maintained and the work is to go on well, then the greatest care will have to be exercised in keeping the laboring classes up to the mark. This is a point that is well taken, and it is the better worth consideration since it comes from a capable and presumably unprejudiced outsider, and is not an official report in any sense of the term.

Dr. Wiley seems to be having more trouble recruiting his "soft drink squad" than any other of his experiment classes.

Perhaps they might get at it easier in Kentucky by trying to figure who didn't kill Governor Gobel.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.
In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.
It is impossible to do this without retaining a luxurious growth of hair.
The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.
Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use
Herpicide makes an elegant hair dressing as well as Dandruff cure.
Accept no substitute—there is none.
Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MR. FLANNAGAN DEAD.

Husband of Former Gainesville Lady Passed Away at Miami Friday.

The information of the death of R. S. Flannagan, which occurred at his home in Miami Friday, was received here Sunday with a great deal of sorrow. Mr. Flannagan was the husband of the former Mrs. Lillie Sligh, who resided in Gainesville for several years, and who was quite popular. The sympathy of the community goes out to the bereaved widow in her hour of sadness.

Mrs. Flannagan was visiting relatives in Rock Hill, S. C., at the time of the death of her husband, and the news came as a great shock, almost prostrating her with grief.

Prof. Floyd is Here.

Among the latest acquisitions to the staff of the Florida Experimental Station is Prof. B. F. Floyd, A.B., and A.M., who has just arrived, and who has assumed charge of plant physiology.

Prof. Floyd is originally from Indiana, but for the past few years has been with the University of Missouri at Columbia, from which institution he comes highly recommended.

Attention, Stonewall Camp!

There will be a meeting held at the court house on the 14th of October, Monday, at 10 o'clock, for the purpose of electing delegates to the Division Reunion in Pensacola on October 23rd and 24th; also to elect officers for 1908. By order

HORATIO DAVIS, Commander,
J. C. M'GREW, Adjutant.
October 7th.

Notice.

Owing to the advance in the price of feed we are compelled to advance the price of milk from this date to 12½ cents per quart.

For further particulars address

P. W. CORR, A. B., Principal,
Dade City, Florida.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

TRIAL OF DR. ROWLAND.

Witnesses Tell of Drugs Taken by Engineer Strange.

Raleigh, N. C., Oct. 7—In the trial of Dr. D. S. Rowland, the witnesses for the defense testified Friday that Strange had taken medicine for heart disease in 1906. Evidence was also introduced to show that aconitine—a strong alkaliod—was in use for neuralgia and pneumonia, and that Dr. Rowland had about March 12 purchased forty tablets of aconitine, these forty being one-fifth of a grain. It was also testified that he had used these tablets in a case of pneumonia. Former patients of Dr. Rowland, who had lived near the Strange home, testified that they had called Dr. Rowland in cases of illness about the time Rowland was said to be calling on Mrs. Strange.

was Mrs. Strange she saw in the of city hall janitor, testified that she was the woman in Dr. Rowland's office who was taken for Mrs. Strange, and that she had heard Dr. Rowland say to a patient suffering from consumption, that he had ordered some aconitine for him. Other witnesses testified that Mrs. Strange had gone to the skating rink above Dr. Rowland's office when it was testified that she had gone up the steps.

The state rested its cross-examination until after recess so as to have Mrs. Smith confronted by Mrs. P. D. D. Arrington, who testified that it was Mrs. Strange she saw in the office on the date Mrs. Smith says she saw Mrs. Arrington there. Judge Long requested Mrs. Smith to dress as she was dressed that day.

CASTORIA

For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

Massachusetts Republicans.

Poston, Oct. 7.—When the delegates gathered at Symphony hall Saturday for the republican state convention they found the state ticket which their organization will support for election this year already selected from governor down. The platform this year was drawn up by Congressman William S. Green of Fall River, and it was supposed to follow out the principles of the republican party and it was expected that its different planks would be retained without dissent.

Napoleon Bonaparte

Showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, vuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by W. M. Johnson.

BRIEF DISPATCHES.

Will of D. Willis James gives one million dollars to specified colleges.

Three sessions of the rural progress conference were held at Amherst.

Club women all over the country have entered a campaign for better milk.

John Sharp Williams will again seek minority leadership of the house.

All Hartford stockholders of Illinois Central railroad voted to support Mr. Fish.

Luther W. Mott of Oswego has been appointed state superintendent of the banks in New York.

Postmaster General Meyer favors a further reduction of foreign postage.

Count Leo Tolstoi is bothered by constant requests for financial assistance.

A mutilator of pictures in the Louvre has been sentenced to six months' imprisonment.

Julius Caesar

Was a man of nerve, but sickness left its mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Hollon, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by W. M. Johnson.

BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit of Florida, in and for Alachua County—In Chancery—M. S. Brown vs. Ebbie Brown—Divorce Order Publication.

It appearing by affidavit appended to the bill filed in the above stated cause that Ebbie Brown, the defendant therein named, is a resident of the State of Florida, and has been absent from her residence for more than sixty days preceding this order of publication, and is concealing herself so that service of subpoena and process cannot be served upon her, and is over the age of twenty-one years; it is therefore ordered that said defendant be and she is hereby required to appear to the Bill of Complaint filed in said cause on or before Thursday, the 17th day of October, A. D. 1907, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for four consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

This September 16th, 1907.

S. H. WIENGES,
Clerk Circuit Court, Alachua Co., Fla.

DEPOT AT WADE BURNED TO GROUND

Caught Fire Early Sunday Morning, and Loss Was Complete.

THE ROOF WAS IN BAD SHAPE

Shingles Were Badly Decayed and Highly Combustible—Riley & Anderson, Who Used House as Store-Room, Suffered Heavy Loss.

Wade, October 7.—The depot at Wade was destroyed by fire at an early hour Sunday morning, also an A. C. L. box car, which was standing in the siding close to the depot.

The origin of the fire is unknown, but the supposition is that it caught from a passing train. The shingles were nearly rotten, and an A. C. L. crew of men were here to repair the cover Monday morning.

The fire started at the front and a spark must have burned through the roof and fell inside the depot which started the conflagration.

Through the heroic work of the citizens the balance of the town was saved from destruction. The depot was occupied by Riley & Anderson as a warehouse and they had about $1,200 in merchandise in the depot. Nothing was saved and the loss was total to the above firm, with no insurance.

NEWS OF CITY AND COUNTY CONDENSED

Max Krauss of Savannah is at the Brown House.

C. C. Pedrick and J. R. Emerson spent Sunday at Tacoma.

For Sale—600 boxes choice oranges, ready for immediate shipment. M. J. Ward, Tacoma, Fla.

Mr. and Mrs. C. W. Chase have returned from an extended and delightful tour of the East.

Jasper Malphurs has gone to Bowling Green, Ky., where he will enter the Southern Business College.

Judge Horatio Davis has returned from Ms. Airy, Va., where he has been on his annual vacation. The Judge is looking well, and says he enjoyed his visit immensely.

L. E. Reed of Isle of Pines, Cuba, is in the city on a visit to his sister, Mrs. J. H. Morton. Mr. Reed is making quite a success at orange growing in that country, which he declares is the finest on earth.

J. T. Swindal of Newberry was among those who spent yesterday in Gainesville. Mr. Swindal, who was for some time engaged in the livery business at Newberry, recently disposed of his interests to G. T. Kennard.

The many friends of Jas. R. Merchant, business manager of The Sun, will regret to learn that he is still confined to his bed. He bears his illness with great patience, however, and says he would be satisfied if he only knew just when he could get out of the house again.

E. E. Cannon, manager of the Virginia-Carolina Chemical Company's business in this city, has returned from Norfolk, where he went to attend a convention of the officers and employes of that corporation. He reports a most enjoyable time. The convention was largely attended.

H. L. Beville of Arredondo section was in the city yesterday. Mr. Beville had with him a petition signed by a large number of residents of that section requesting that the route of a certain proposed hard road be changed for a distance of a mile, more or less, which he presented to the Board of County Commissioners at their meeting.

Among the prominent visitors to this city yesterday were John F. McNair and son-in-law, J. B. Patterson, of Laurenburg, S. C. Mr. McNair is president of the Florida Land Company, a member of the firm of the Wade & McNair Company, and is extensively interested in this section of the State. He is looking after his interests here.

The new book typewriting machine, which was purchased through R. C. Davis & Co., Jacksonville, has now been installed in the office of Clerk Wienges at the court house, and Mr. Wienges is well pleased with the [illegible] as he has already found it to [illegible]

urday of making the first record by the new "process."

Contractor Beeman, who has the contract for laying of lateral sewer connections, states that the work is progressing finely. Many of the streets have already been completed, and he is now working on Arredondo street. He expects to finish the work as prescribed by contract in six months, when the sewerage system will be placed in active commission.

Dr. E. M. Banks, who recently arrived in the city to assume a position on the faculty of the University of Florida, declares that he is becoming more in love with Gainesville and its people every day. Dr. Banks is one of the finest and most popular educators in the South, and our people will be glad to know that he is pleased with Gainesville and the University.

Hon. Frank Clark and wife have returned to their home in this city, after a delightful visit to points in Georgia and elsewhere, and friends are glad to welcome them again. Their sons and daughters have been placed in various colleges and as Col. and Mrs. Clark will be alone they have decided not to keep house the coming winter. They are pleasantly located at the White House, where they will be glad to see their friends.

Rev. Francis H. Craighill of Holy Trinity Episcopal church in this city, who with his family is attending the general convention of the Episcopal Church in Richmond, Va., writes The Sun that he is having a fine time, and that the convention is great. He directs that his paper be changed from Washington, where Dr. Craighill and family have been visiting, to Richmond. Dr. Craighill states that Hon. W. W. Hampton is also attending the convention.

Captain A. Paul, special agent of the United States land office, has returned from his old home, Duluth, Minn., where he has been on his annual vacation to his sons and daughters. He reports a fine time. Captain Paul says the weather in that section of the country is fine now, a light frost having appeared about ten days ago. The crops and lumber interests have been good during the season, with the result that everybody is prosperous.

Attention is called to the advertisement of H. J. Dempsey, new and second-hand furniture, which appears elsewhere in this issue. Mr. Dempsey has been for years engaged in the furniture and repair business here, and his ability as a furniture man and cabinet maker is known throughout this section. Furniture is sold on easy payments, and a specialty is made of repairing. Furniture is also sold on commission. Storage rooms are operated in connection, where household and other goods will be taken care of at reasonable rates.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

ASK THE REVENUE OFFICER

Atro is the Best of All

There are many mail order whiskies on the market. Some good—some otherwise. We are probably the only whiskey distillers who make a specialty and a study of medicinal whiskies.

Atro is the name we have given our high-grade corn or rye whiskey made by the "Primitive Method," and especially recommended and prescribed by physicians and specialists for invalids and convalescents.

Atro Rye or Corn is Express Prepaid on Southern Express Lines

Four Full Quarts $3.40

Shipment assorted as you like

This whiskey possesses a rare and delicate aroma and an exquisite bouquet. It is rich in nourishment and tissue building properties, and acceptable to weak and delicate stomachs.

ABOUT OYSTERS

It's a matter of confidence—confidence in the person selling them. If you know they are handled properly, prepared and cooked cleanly, then you are satisfied.

Oysters require careful attention when away from the coast, and should be prepared by one who knows at a glance if they are fit to be cooked.

For two seasons I have prepared and served you the best Oysters grown, and have never had one complaint.

They are here now—and, as they should be, First-Class in every way.

Open every night till 10:30—later if necessary.

The Board of County Commissioners held a special meeting Monday, in compliance with the law, to receive the tax books from Tax Assessor Colson.

Mrs. Dr. C. L. Carter and son have returned from LaGrange, Ga., where they spent the past three months pleasantly with the former's aunt, Mrs. S. E. Hutchinson.

O. Petre left Sunday for Palatka, where he has the contract for granolithic paving of the sidewalks. He has a large force engaged on the work, and reports good progress.

Douglass Perry, who has been holding the agency of an Atlantic Coast Line station in South Florida, has returned to his home in this city and will enter school on Monday. Douglass is a most efficient young man for one of his age, and gave his employers great satisfaction.

J. H. Wylie, the nursery man and good roads advocate of Interlachen, Putnam county, was in Gainesville on business yesterday. Mr. Wylie is constantly talking good roads, and it was largely through his influence that the road between Palatka and Interlachen was projected. Work is now progressing on this road.

Millinery Opening—This is to inform the ladies and public generally that I will have my annual fall opening of millinery on Wednesday and Thursday, October 9 and 10, when all the latest styles will be shown in ladies' headwear. Open evenings. The public is cordially invited. Mrs. S. W. LeGrande, 108 E. Liberty street, North side square.

TOMORROW

"I'll assure my life tomorrow"

That's good—but how do you know there is going to be any tomorrow for you?

It is the Policy in force TODAY that is going to protect the widows and orphans of tomorrow.

Sometime — between two days — your tomorrows will all pass into yesterdays.

Ninety-seven per cent of all death claims settled in the United States and Canada by

The EQUITABLE

during 1906 were settled within ONE DAY after proofs of death were received. Where claims are not paid immediately it is usually due to delay on the part of the beneficiary in submitting complete papers.
